EXPERIENCE

Travel Merchandiser & Trainer, *Jacent Strategic Merchandising (Bay Area, CA)* Feb 2024- Present

- Analyzed sales and inventory data across 15 Safeway and Lucky stores to identify trends and optimize product placement, improving sales performance
- Reducing store complaints and back-stock by 20% each through proactive training and retraining of 10+ employees on inventory optimization, merchandising strategies, and store policies
- Negotiating the quantity and placement of 25 seasonal products within individual store layouts, and executing elimination strategies for discontinued stock

Junior Merchandiser, *Crossmark (Bay Area, CA)* July 2023 - Feb 2024

- Executed visual merchandising strategies provided by CVS and Safeway corporate management to bolster store sales across 10-15 CVS and Safeway store locations and monitored sales performance to assess display effectiveness
- Onboarded 15+ employees who achieved a 95% compliance rate with merchandising and inventory procedures
- Tracked and validated inventory data through audit forms to ensure stock consistency

Assistant Front End Manager, *Walmart (Pleasanton, CA)* June 2022- June 2023

- Handled \$20,000 nightly and ensured accurate distribution to registers, end-of-day collection, and reporting for management
- Partnered with front- and back-end managers by maintaining stock, troubleshooting employee issues, and providing customer service support
- Trained 40+ employees in customer service, operational management, and cross-departmental tasks

UX/UI Design Intern, *3:5 Creative[s], New York City, NY (Remote)* Mar 2021 - May 2021

- Improved user satisfaction through designing wireframes and prototypes for client websites and apps
- Conducted user research and analyzed testing feedback to optimize website usability

Frontend UX/UI Intern, *Thing.TV - Tempe, AZ (Remote)* Jun 2020 - Sep 2020

- Initiated the creation of a Design System and Style Guide to produce a homogeneous website design
- Incorporated user and client feedback, via usability testing and audits to develop high fidelity mockups with Figma
- Utilized HTML/CSS to iterate on previous code and website design for a better user experience

HighRadius, *Marketing Coordinator Intern, Houston, TX* Jun 2019 - Aug 2019

- Increased efficiency and return-on-investment (ROI) by 3% by revitalizing logistics and campaign graphics
- Obtained skills in Salesforce, Adobe (Photoshop & InDesign), and HubSpot to bolster work productivity

EDUCATION

University of California, Berkeley, *Data Analytics Certificate* Jul 2023 - Feb 2024
B.A. Interdisciplinary Studies (Informatics & Marketing), *Arizona State University* Aug 2015 - May 2020
